Individual learning reports

- Each student makes a learning report including
  - Short notes on the lectures student has participated in
  - List of the group meetings that student has participated in
    - Date, time, place and participants
  - Description of the individual work that student has carried out.
  - Description of the main contribution that student has made on the project
  - Self-assessment of the success of the project work
- Template is given in the course pages (*MyCourses*)
- Use *MyCourses* to submit the individual learning report
- **DL: 16.11.2015**
